**SPONSOR
PACKET**

*Life doesn't count for much unless you're willing to do your small part to leave our children
— all of our children — a better world. Even if it's difficult. Even if the work seems great.
Even if we don't get very far in our lifetime.*

~ President Barack Obama

**2015 CHILD HEALTH, EDUCATION,
AND CARE SUMMIT:**
Building Powerful Partnerships

Dear Prospective Sponsors:

The staff of First 5 California and all our partner State agencies are pleased to announce the **2015 Child Health, Education, and Care Summit**, scheduled for February 10-12, 2015, at the DoubleTree by Hilton Hotel, Sacramento.

Although First 5 California has held conferences and worked with colleagues in other agencies for several years, this will be the first year we're formally partnering with other State agencies from education, health and human services, and higher education, each of which provide services or programs for young children and families in California.

We look forward to the opportunity to work with your organization at the **2015 Child Health, Education, and Care Summit** in Sacramento. Your generous support is a key component to achieve our goals for this Summit and support the optimal health and well-being of children and families in California.

We anticipate approximately 800 participants at the Summit, representing preschool, infant/toddler child care, social workers, foster care, military families, higher education, administrators, parents, advocates, philanthropists, and elected officials. The intent is for counties to send county-level teams to the Summit that represent as many of these local groups as possible. In doing so, both county- and state-level networking will be enhanced, and services to our common target audiences will be better focused and less duplicative.

The Summit organizers and supporters represent a broad coalition of State agencies or statewide organizations that support young children's health, learning, and care in California. These groups have come together to find common ground on best practices and policies that will prepare our youngest children to be healthy, well educated, and successful. We are further committed to energizing and coordinating our efforts to maximize children's potential. This more robust Summit will build on the success of earlier First 5 California conferences.

We sincerely appreciate your support for children and families in our state. I encourage you to become a sponsor today. Together we can help California's children receive the best possible start in life and thrive.

Camille Maben
Executive Director
First 5 California
