* Includes Steps 1, 2, and 3 targets as reported in IMPACT Action Plan Performance Measure Tables.

If a consortium does not meet targets identified above or does not serve any sites in FY 2015-16, they are not required to submit data.

In this instance, the lead agency will describe this status in the IMPACT Annual Performance Report due September 15, 2016.

Contact your IMPACT liaison if this scenario applies to your consortium.
