

Make Believe with MATH

A **FREE** online course for early childhood educators!

Register at www.sesamestreet.org/freeonlinecourse

LET'S PLAY PRETEND...WITH MATH!

Join your friends at Sesame Street for a **FREE** online course for early childhood educators entitled *Make Believe with Math*. This self-paced course is designed for *all* early childhood educators—whether you are working in a classroom, center-based program, or family child care setting. The course will enable educators to explore the fun of math in children's make-believe play and how math moments can be incorporated into everyday learning.

The online course will:

- Highlight the importance of math and pretend play in children's lives
- Explore how a facilitator can integrate "math moments" into children's pretend play
- Offer an interactive learning experience during which educators can connect with others

Educators will have two sessions to choose from:

- **August Session: August 1 – 31 (Registration opens July 15)**
- **October Session: October 1 – 31**

Reminders:

- Best browsers to use (Mozilla Firefox and Google Chrome)
- Gmail account is required to use

To be notified when course registration opens, and for more information on the course, please visit www.sesamestreet.org/freeonlinecourse and choose a session. Sesame Street will then send you more details about registering for the course.

If you have any questions in the meantime, please feel free to e-mail Sesame Street at stem@sesame.org.
