### CARES Plus Dashboard

**Welcome to the CARES Plus Data System.**

The CARES Plus Data System was created to manage the CARES Plus Program and maintain information about program participants. If you need assistance with the CARES Plus Data System, please contact the First 5 California System Support Help Desk by e-mail at [F5SystemSupport@ccfc.ca.gov](mailto:F5SystemSupport@ccfc.ca.gov) or by telephone at (916) 263-1323.

### CARES Plus Program Purpose

The CARES Plus program is dedicated to increasing the quality of early learning programs for children ages 0 to 5 and their families by supporting the education and professional development of an effective, well-compensated, and diverse early learning workforce.

## *Next Steps*

- Complete system testing
- Validate completion of 2012-13 program data in PROOF
- Validate that data is correctly converted from PROOF to the new system
- Complete data clean-up activities
- Conduct user training (before and after implementation)
- Lead Agencies must submit a [New User Form](#) for each user that needs access to the new CARES Plus Data System

## *System Cutover*

- PROOF will be available until we are ready to cutover to the new system.
- Lead Agencies and other PROOF users will be informed of the cutover schedule.
- PROOF will be taken off-line and the data will be converted to the new system.

***CARES Plus Data System goes LIVE!***
